**Date: March 14, 2022**

**RE: Fee Payments to Maritime Beef Testing Society**

---

The Test Station continues to be the only multi-breed testing facility in Canada which performs this high level of genetic evaluation of rams. The amount of information collected and analysis provided by using the GrowSafe System is second-to-none in the country.

The Management Committee of the Maritime Beef Testing Society continues to evaluate and make changes to ensure the financial viability and long-term future of the facility.

- **The total entrance fee is now due, in the amount of \$373.75 (\$325.00 + HST). This can be paid by cash, cheque, Visa, MasterCard, American Express or email money transfer (to [ksaville@agricommodity.ca](mailto:ksaville@agricommodity.ca)). This covers all test fees, aside from feed and vet visits (if required).**
- **Ram entries will only be accepted by breeders who do not have an outstanding balance with the Maritime Beef Test Station.**
- **All producers who enter a ram must be a member of the Maritime Beef Testing Society, the fee is \$25.00 (\$28.75 + HST).**
- **A late payment fee of \$100.00 per ram will be charged for entrance payments not received by May 1, 2022.**
