

A Survey of Farm Practices for Controlling Parasites in Sheep and Goats

Thank you for participating. We hope this survey will help determine how many farms are at risk and the management options that can help combat the parasite problems in sheep and goats

<p>What livestock do you have?</p> <ul style="list-style-type: none">A. GoatsB. SheepC. Other ruminant livestockD. Both goats AND sheepE. Neither sheep nor goats	<p>Number of <u>BREEDING</u> animals</p> <ul style="list-style-type: none">A. Less than 30B. 30-99C. 100-199D. 200 or moreE. none
<p>Who is grazing on your farm?</p> <ul style="list-style-type: none">A. Sheep onlyB. Goats onlyC. Sheep and Goats togetherD. Sheep and cattle, togetherE. Sheep and cattle, alternately	<p>Production Practice – is your farm</p> <ul style="list-style-type: none">A. Lambing only in winter or spring?B. Lambing out of season?C. Using rotational grazing?D. Weaning lambs onto clean pasture or aftermath?E. Organic or transitioning to organic?F. Milking sheep or goats?
<p>What animals do you graze?</p> <ul style="list-style-type: none">A. Adults only (yearlings and mature)B. Young stock onlyC. Adults and young stockD. Adults and young stock but NOT nursing youngE. Do not graze any livestock	<p>In 2013 grazing season, how many times did you deworm your ADULT stock?</p> <ul style="list-style-type: none">A. Did not deworm adultsB. Dewormed once (1)C. Dewormed twice (2)D. Dewormed three times (3) or moreE. Dewormed but don't remember how often

In 2013 grazing season, how many times did you deworm your lambs / kids (1st grazing season)?

- A. Did not deworm
- B. Dewormed once (1)
- C. Dewormed twice (2)
- D. Dewormed three times (3) or more
- E. Dewormed but don't remember how often

In 2013 grazing season, how did you deworm your ADULT stock?

- A. Did not deworm
- B. Dewormed everyone in the winter
- C. Dewormed everyone at turnout in the spring
- D. Dewormed but don't remember how often
- E. Dewormed only those that showed symptoms

In 2013 grazing season, how did you deworm your lambs / kids (1st grazing season)?

- A. Did not deworm
- B. Dewormed everyone on a regular schedule (e.g. monthly)
- C. Dewormed everyone if any showed symptoms
- D. Dewormed only those that showed symptoms

In 2013 grazing season, how many times did you have fecals done?

- A. Did not have fecals done
- B. Fecals done once (1)
- C. Fecals done twice (2)
- D. Fecals done three times (3)
- E. Fecals done more than three (3) times

Do you suspect or know if you have Anthelmintic Resistance (AR) in your flock / herd?

- A. Don't know but suspect AR
- B. Know that AR is in flock /herd
- C. Know that AR is NOT in flock /herd
- D. Don't know
- E. What is AR?
