Professor Nigel Firth Memorial Bursary

Stephanie Rogers, Communications Manager, Dal-AC

Professor Nigel Firth passed away on May 12th, 2014. Nigel was an Associate Professor in the department of Plant and Animal Sciences, joining the former NSAC in 1985. Professor Firth was involved in the teaching of Farm Animal Production, Animal Nutrition, Applied Animal Nutrition, Eggs and Dairy Products and Meat Science.

The fact that Dr. Nigel Firth was one of the most well-liked professors at the Faculty of Agriculture speaks volumes to his character. “Nigel is the one lecturer I would wish to emulate in the classroom,” says a fellow faculty member and according to students, he is extremely approachable, helpful and genuinely cares about each and every one of them. But that’s not all. Nigel Firth was also one of the most well-known members of the greater Truro area, particularly in the performing arts community.

An avid volunteer and accomplished musician, Nigel was a member of multiple choirs and musical groups in Truro, including the Caledonian Orchestra of Nova Scotia, of which he was Vice Chair of the board and three different hand bell choirs. Nigel played the accordion, piano, organ, hand bells, percussion and sang at St. James Presbyterian Church. Nigel also volunteered his talents and time to perform at long-term care centres and retirement residences, was involved with Hubtown Theatre and the Truro Music Festival and assists senior citizens in running errands.

Nigel Firth made a difference in the lives of those around him on a daily basis. His citizenship and willingness to help were appreciated wholeheartedly by members of both the Faculty of Agriculture and the greater community. This May, Dr. Firth was presented the award for Outstanding Contribution to Student Life by the Class of 2014. The award recipient is nominated and voted on by members of the Class of 2014 and presented by DASA at the annual Graduation banquet during Convocation celebrations.

As a tribute to Dr. Firth’s generous spirit colleagues, friends and family of Professor Nigel Firth are coming together to establish a bursary in his memory. This bursary will support students majoring in Animal Science, involved in their communities and who contribute to community enrichment.

Former students, friends and colleagues can help create this award by giving online at dal.ca/giving, by sending a cheque to External Relations, Faculty of Agriculture, or by contacting Jenna Forsyth at 893.6721 or jenna.forsyth@dal.ca

Zillg Polled Dorsets

50 years!

In 1964, Gernot & Edith Zillig obtained their foundation animals from Eleanor & Jack Gartshore, Dundas, ON, one of the first to have brought the polled version of this breed to Canada. Original breeding with various lines of the Gartshore's Auchinburn stock has been supplemented, in more recent time, with British and Australian genetics, by AI.

Traditional type!

GenOvis performance tested.

Thank you to friends and supporters, over the years!
